

# PURGATORIAL PAYMENT PLAN CALCULATOR

The chart below is based upon Fr. Schouppe's book "PURGATORY EXPLAINED" wherein he presents the hypothetical calculations of Fr. Mumford of the Society of Jesus, on the potential time we could be spending in Purgatory for sins that **WE HAVE NOT EXPIATED** *while still living here on Earth*. Of course, Purgatory works like an oven, so to speak, we can cook something at a lower temperature for a long time, or at a high temperature for a slightly shorter time. For reference, this is based on Part 1, Chapter 22 "Duration of Purgatory — Opinions of the Doctors —Bellarmine —Calculations of Father Mumford."
